

HOLMES APPROVED HOMES & RINALDI
Letter of Support

A Message from MIKE HOLMES, *Canada's Most Trusted Contractor*

Rinaldi Homes is committed to building homes right, and I am proud to welcome them into the Holmes Approved Homes program. They know that a home is only as good as the construction that stands behind it, and that real value comes from building it right the first time.

Rinaldi Homes are about quality over quantity, and they look at every detail. They offer award-winning designs that incorporate innovative and practical construction features that support healthy lifestyles, and they've got the track record to prove it. Their excellence in building and home design has been recognized at the highest level—locally by the Niagara Home Builders' Association, provincially by the Ontario Home Builders' Association, and nationally by the Canadian Home Builders' Association.

Rinaldi Homes built their reputation on building some of the most beautifully crafted houses out there. But now, through the Holmes Approved Homes program, they are building them with enhanced fire-, moisture- and mould-resistance, greater durability and higher energy-efficiency.

When you choose a Holmes Approved Rinaldi Home, you are choosing a better built home—one that's built to last. My inspectors come in and examine your house at different stages of construction. They document everything they see so you can relax, and focus on creating a home that's perfect for you and your family—we make sure its built right.

Peace of mind is what we're about. Building right is what we're about. Giving you a home that is healthy, strong and protected is what we're about. Because the only thing worth doing is doing something right.

Do you really get what you give? I believe it. And together, Rinaldi Homes and the Holmes Approved Homes program are setting a new standard that takes residential construction to the next level—and it starts with your home.

A handwritten signature in black ink, appearing to read "Mike Holmes". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
